EXPERIENCE

CoinFlex | Lead UX Designer   *Feb 2020 - April 2020*

Enhancing trading application for the CryptoCurrency platform on mobile and desktop. The ability to trade instantly and gamification were key to the project.

HSBC | Sr. UX Designer   *Jan 2019 - Jan 2020*

Designed unique supervisory dashboard and tools for day-to-day trading and banking activities to be evidenced and recorded for the regulatory and compliance auditory purpose along with data visualisation dashboard for CEO/COO persona.

Tilney | Lead UX/UI Designer   *May 2018 - Dec 2018*

Financial adviser and customer data visualisation dashboard as well as onboarding journey for new clients. High-level prototypes are produced and user feedback is gathered at each iteration to provide the best in industry experience.

Standard Chartered | Sr. UX Designer   *Jun 2017 - May 2018*

I have mainly focused on redesigning of Sales workflow and Single dealer trading platform to enhance efficiency and productivity of the Sales and Trade team.

Barclays | Sr. UX Designer   *Jan 2015 - Jun 2017*

Focused on customer-facing native mobile banking app and web applications for a mortgage, account opening, day-to-day banking as well as working on new innovation banking propositions.

AXA | Sr. UX/UI Designer   *May 2014 - Dec 2014*

Optimised complicated forms to capture the most relevant and needed information with accuracy to provide a competitive quote as a result increased online insurance sales.

192.com, AutoTrader, Paraspar   *May 2014 - Dec 2004*

During this period worked with various agencies and corporate companies as a UX/UI designer in small to large scale organisations.
